

聚合物多用途底层涂料

FIRMA BASE

288 | Polymer Based Multi-Purpose Primer

Polymer based concentrated liquid with high penetration ability penetrates into cementitious substrates and concrete surfaces.

20 Litres

5 Litres

USAGE

Surface Preparation/ Primer (Reduce Dusts)

Immersion System To Repair Water Dripping

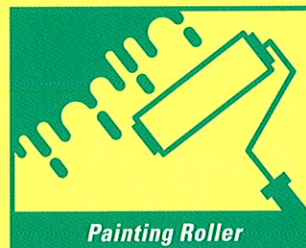

Solution For Laying Tiles On Skim Coated Surface/ Painted Surface

Crystalline Fine Particles For Moisture Vapor Remediation On Wall/ Floor To Create A Sound Surface

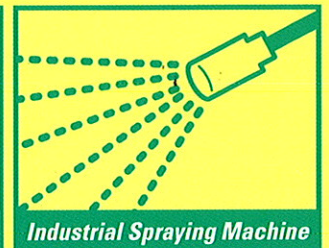

PRODUCT FEATURES

- High Penetration • Fine Thin Firm Forming On Concrete Surface
- UV Protection • Good Chemical Resistance (Diluted Acids/ Alkalis)
- Economy To Use, High Coverage • Thermal Shock Protection
- Easy Water Dilution • High Transparency After Application (>90%)
- 具高渗透能力 • 可形成超薄层状 • 经济使用和高覆盖面积
- 防紫外线 • 防热冲击 • 耐化学性 • 易水稀释 • 高透明度

APPLICATION OF USE

Painting Roller

Industrial Spraying Machine
